

Global Agro Commodities & Food Products Business

Building sustainable model to tackle food security & food safety concerns by democratizing global markets to small farmers and MSMEs

payAgri is a unique 'Seed to Fork' model that connects small farmers & MSMEs to global markets intending to contribute to food security and food safety goals. We are a Catalyst Fund company (www.catalyst-fund.org - Project of BFA-USA, supported by the Bill & Melinda Gates Foundation, JPMorgan Chase & Co and Rockefeller Philanthropy Advisors) that takes a farmer-centered approach which promotes bio-inputs, seamless food quality, zero-waste management and scientific primary processing methods to maximize value for all key players in the agricultural value chain.

Farmgate Intervention

Happy Farmers

Primary & Cloud Processing

Global Markets

Happy Consumers

Our consumers and farmers benefit from our robust farmer engagement practices, value chain expertise, technology interventions and global market presence.

payAgri's FarmGate commodities and high-quality food products are sourced and consumed by millions of happy consumers in India, United Kingdom, Europe, United Arab Emirates, Oman, Qatar, Sri Lanka, Russia, United States and other countries.
